

ESG Commitment

CIRF is committed to sustainability through Environmental, Social, and Governance (ESG) practices that enhance long-term value creation.

Environmental

- Promotion of green innovation
- Engagement in carbon capture, utilization, and storage (CCUS)
- Conducting environmental assessments and providing eco-conscious consulting”

Social

- Support for inclusive development across sectors
- Engagement in healthcare, education, and public infrastructure
- Contribution to societal well-being through responsible consulting

Governance

- Certified consultants with global standards
- Ethical practices and transparency in all engagements
- Trust-based partnerships with public and private clients
